Vegetable category includes melons. Certified acre totals include double crop. Total 2010 certified land area is 100,553 ac including 2,868 ac undefined WSDA land either not cropped or from multiple small cropped sites not entered in data bas). 2005 data includes WSDA, OTCO, QAI, ICS; CCOF data added in 2006. Data do not include non-certified exempt farms. The numbers of producers in red font are farms in transition to organic with no certified organic land. Totals may not add exactly due to decimal rounding.

2010 combined certifier data. Values were based on land area and did not include identified double crop acres. 2005 acres include data from WSDA, OTCO, ICS, and QAI; CCOF data were added beginning 2006. T farms had only transition land; C farms had certified land and may have included transition land. Transition acres are not required to be reported by certifier; actual T acres could be higher.
